***WT 11-65: In the Matter of applications of AT&T Inc. and Deutsche Telekom AG for consent to assign or Transfer Control of licenses and Authorizations***

Dear Chairman Genachowski and Commissioners:

The State Chamber of Oklahoma is a business advocacy organization dedicated to making Oklahoma "The State of Choice for Business." With a membership of more than 2,000 individual business locations, we serve as both The State Chamber and the State Manufacturers' Association for all Oklahoma businesses.

We actively and aggressively engage with policy makers - elected and appointed – in promoting pro-business legislation and fighting anti-business legislation with one goal in mind: Improving the economic climate for Oklahoma's employers, plus jobs and opportunity for our citizens.

We believe that entrepreneurship and innovation should be supported by laws and policies – not restricted by them. For that reason we support AT&T's proposal to merge with T-Mobile USA, which is currently under review in the Commission's 11-65 docket.

This merger would deliver wireless access to small and rural businesses in Oklahoma and increase their competitiveness in the domestic and global marketplace. Furthermore, the investment that would result from a broadband build-out would bring new jobs and growth to the region.

This merger represents a unique opportunity for Oklahomans, and we urge you to support it.

Sincerely,

Fred Morgan
